

FRESH PRODUCE

Growing Team - Kent

Our farm in Kent spans approximately 20 hectares of glass and 31 hectares of outdoor polytunnel. Working within our team means you are an integral part of the company's operations, essential for executing our vision for the future and setting the tone for other colleagues.

If you are a collaborative team player who can deliver on your responsibilities and enjoy being active (you will be walking all day), we have a fantastic opportunity for you to work and develop in a dynamic environment.

Crop Scouting & Bio Control

Long-Term, Year-Round Position

We are currently looking for motivated individuals to join our team as Crop Scouting in Kent. This is a long term position with consistent work available throughout the year.

The role is ideal for someone who enjoys working both outdoors and indoors and has a good eye for detail. The position is scheduled for 6 days a week, with approximately 48 working hours in total.

Main Responsibilities:

- Walking fields and scouting for pests and diseases
- Recording findings using a mobile app (full training provided)
- Monitoring and managing SWD (Spotted Wing - Drosophila) traps – topping up, resetting, and deploying
- lead a team on a weekly basis, mixing and applying biological control.

We are looking for candidates who have:

- Good attention to detail and keen observation skills
- The ability to work independently and use their initiative
- An interest in recognizing and identifying pests and diseases
- Basic to Good level of English, Bulgarian, Russian
- Previous experience in crop walking (an advantage but not required)

**To apply, please send an email to
katyastanchovska@sagroup.co.uk.**

The deadline for applications under this advertisement is 30 January 2026.
